Dear Runner,

The Minnesota Elite Athlete Development Program was created by the Minnesota distance running community to provide financial assistance to elite Minnesota distance runners who have completed their academic running career. The program provides grants to assist qualified runners in reaching their full athletic potential. The program is currently funded by generous contributions from Minnesota Distance Running Association, Twin Cities in Motion, and Grandma's Marathon, Inc. The MEADP Board is soliciting applications for the year 2018 grants which will be awarded in January 2018. The Board has consulted with members of the distance running community to help us identify emerging elite distance runners who have completed their academic running careers. Because you have been identified in the search, we are providing you with a copy of our application form for your consideration.

If you are interested in applying for a grant, please complete the enclosed application and return it with the additional requested information to the address listed above, on or before November 30, 2017. If you are not interested in applying at this time, please pass on this information to somebody who you believe might be interested in being considered.

Yours truly,

Minnesota Elite Athlete Development Program
